Overview

J & B Medical Supply is the leading provider of Customer Service to those in need of necessary medical supplies. As a family owned business, the staff at J&B Medical Supply understands the importance of maintaining the health and well-being of loved ones. That is why we supply and ship incontinence supplies, as well as diabetes and urological supplies, at your convenience.

Project Summary Highlights – Web Design & Development

- Lead Generation Campaign
- Custom Design
- Custom WordPress Features

Client Testimonial

“Our company was looking to build a new site that catered specifically to a certain group of our clients. We originally began working with a competitor of WebiMax on this project and really were getting nowhere. We had provided all of the verbiage and communicated how we wanted the site to look and had been waiting weeks to get nowhere. Within 1 week of providing the same information to David at WebiMax we had page layout options to approve. The options were professional looking and were well aligned with our goals for the site. Within just a few days of us selecting the layout and logos, we were looking at a mockup of the actual page. The project was complete and ready to use in what seemed like no time. David was a great communicator, always letting us know what he needed from us and where WebiMax was in the project. He even took the time to give those of us that would be maintaining changes on the site a tutorial on making updates. We’ll definitely have WebiMax at the top of our list for projects like this in the future!”
